

It is 1934 and the Soviet Dictator, Stalin, wants the anti-Communist Romanov Society destroyed. To achieve this he unleashes his brutal secret police, the OGPU to complete the bloody task. For the Society's latest member, Austrian freelance Intelligence agent, Tatjana Putz, this is now a battle for survival. Turning to her English lover, Captain Netherby Chase for help, the pair must combat OGPU assassins until they reach the Castle of the Dragon in southern Bavaria. A destination with its legend of hidden treasure and where the Society's remaining members have congregated. Trapped in the ancient castle by a violent snow storm, the OGPU who have infiltrated the Society, commence decimating the stranded members. Can Chase and Tatjana survive the murderous attentions of the Soviet killers? Whoever survives will have won the opportunity to seek out the hidden Tsarist treasure. However, finding it is one thing, living long enough to enjoy it, is another.
