

## True Love: A True Story About Best Friends

This is the story of how I learned the greatest love of all. Jennifer Lopez In True Love, Jennifer Lopez explores one of her lifes most defining periods-the transformative two-year journey of how, as an artist and a mother, she confronted her greatest challenges, identified her biggest fears, and ultimately emerged a stronger person than shes ever been. This visually arresting publication is guided by both intimate and electrifying never-before-seen photographs. True Love is an honest and revealing personal diary with hard-won lessons and heartfelt recollections and an empowering story of self-reflection, rediscovery, and resilience.
