

Kings, Queens and Pawns: An American Woman At the Front

Mary Roberts Rinehart, a novelist, playwright, and mother of the man whose name still graces a powerful publishing company was also a war correspondent during World War I. The book *Kings, Queens and Pawns*, first published in 1915, collects many of her reports. Delightful and disturbing reading, the book at first glance reads more like a novel than a collection of war reports. If you have an interest in Rinehart or the first world war, you won't want to miss this one.
