

He Can Prevent A Terror Attack, Or He Can Save His Son-But Can He Do Both? He has taken his son and he is on the run. The FBI wants him. Homeland Security needs him. The Santa Fe police chief fears him. His ex-wives cult wants to kill him. With Dr. Alex Vincent having the hard drive from his Los Alamos National Lab computer in his pocket with encrypted data from a known terrorist, it is no surprise security there haunts him also. As you read Fugitive Father you will feel as though you are right there with Alex and Tucker as they face fear, anger, shame, discouragement, and even happiness. Author Robert Mowry will keep your fingertips on the page, ready to turn asking the questions: -Is Alex to evermore be branded a traitor? -Can he crack this terrorist code and emerge as the man who saves his country? -Can he become a real father, or will he be relegated to being an underground one forever?
