

Old London Town: And Other Travel Sketches (Classic Reprint)

Excerpt from Old London Town: And Other Travel Sketches These delightful sketches of travel, hardly more than films, were written while the author was sojourning abroad in 1906-7. They show us a great journalist at play, revisiting familiar places, musing, philosophizing, and soliloquizing upon the course of human affairs. History haunts him, as it does all who journey amid its lights and shadows, and his observations and reflections have the mellow note of one who has lived much and meditated deeply - one who feels the tears, not less than the comedy, in mortal things. Picturesque, discursive and entertaining, they are all the more charming for a touch of personal reminiscence.
