

## PINBALL

Before you begin this book, you must loosen all ties you might have to reality. Because there is very little here. Superficially, it deals with a real person, Harry Mack McCormick, who was actually the crime reporter for the Dallas Morning News in the 1960s. Tangentially, it deals with the Kennedy Assassination and Macks involvement in it. And his jocular mis-adventures with a beautiful and sexy girl. Did I mention this girl is from Venus and reads minds? And can turn on half of Dallas, sexually, if she wants? After you read it, I can guarantee you'll feel very uneasy to spend any time alone in a room with a pinball machine. Confused yet?
