

Ready, Steady, KILL!

There's a serial killer on the loose in Sydney. Three murders, all obviously by the same killer. But as Detective Inspector David Hunter and his team at the Sydney Homicide Group investigate, the killings become an epidemic around Australia and then around the world, different modus operandi, different types of victim, but all the works of serial killers. And then David's sister becomes a victim and he is able to call in his old friend and colleague, Jack Savage, Australia's best criminal profiler who retired some time earlier. But to solve this plague of killings, David must play a dreadful game of deceit, not knowing if he is predator or prey or if he will be alive the next day.
