

## Maybe: Incidentally : the satire of Federico Mangahas : essays

To postwar generation of Filipino writers, particularly those under 30, the name Federico Mangahas may not ring a bell. Back in the 1930s, however, it was a name to be reckoned with. Founder and first president of the Philippine Writers League, organizer of the Commonwealth Literary Contest, and one of the most influential journalists of his time, Mangahas was some kind of literary czar in the Thirties. Along with S.P. Lopez, he set the tone and temper of writing in that period, decreeing that should be socially conscious, committed, proletarian. -Jose F. Lacaba, Federico Mangahas is Alive and Well..., in The Review, vol.1,no.4. Dec. 1977, p.18
