

The British Secret Service and Keshav

The British Secret Service tried to recruit Sambasivam Keshav when he was a student in England between the years 1970 and 1974. They did not openly identify themselves and offer him a job but tried to use blackmail and harassment. Why they chose these methods is what this book all about. The antics of the Secret Service left Keshav scarred to this day and he is still on tranquilizers. Sambasivam Keshav fought back with determination and escaped their clutches.
