

The Forty-Niners: A Chronicle of the California Trail and el Dorado (Classic Reprint)

California have been successively aborigines, conquistador es, monks, the dreamy, romantic, unenergetic peoples of Spain, the roaring melange of Forty-nine, and finally the modern citizens, who are so distinctive that they bid fair to become a subspecies of their own. This modern society has, in its evolution, something unique. To be sure, other countries also have passed through these same phases. But while the processes have consumed a leisurely five hundred years or so elsewhere, here they have been subjected to forced growth.(Typographical errors above are due to OCR software and dont occur in the book.)About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology.Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
