

A group of short stories and a novella. These stories are as diverse as the characters and places depicted in them. The first story, WHERE ARE YOU? bonds a shy young woman with an outgoing handsome cousin she was unaware of.-----Two young friends plan the demise of a notorious bully to save his wife and children in LIFE IN A NORTHERN TOWN. -----VERY SCARY DEAD PEOPLE retells a Shakespearean tale with a far more frightening and ghastly outcome. ----- The pride and beauty of a vestal virgin in ancient Rome partakes in a clandestine affair that spells out her demise. -----NASTY LITTLE HABITS involves a bad-tempered girl and her underhanded rise to success in a cloistered abbey. ---A TRUE MONSTER entails what may be an innocent man's frightening dream or his horrific reality. ----- Finally MEDITATIONS is a sort of rambling novella which follows the meandering thread of life through the experiences of several family members.
