

Ever heard of a travel psychologist? Michael Brein is the worlds first and perhaps only travel psychologist who has created a unique travel book series on the psychology of travel as revealed through the fantastic travel stories of more than 1,600 world travelers and adventurers he has interviewed over the last three decades. Travel Tales of Michael Brein: My Best 100 contains more than 100 of Michaels own, best personal travel stories, resulting from his lifetime of travel. Included are harrowing tales of close calls and great escapes as well as some of his funniest and zaniest travel experiences ever. Michael explores his travels, revealing a rare in-depth, behind-the-scenes psychological look at what happens to you when you travel to exotic, strange cultures. My Best 100 promises to be one of the most unusual travel books you will ever hear! It might alternatively have been named Confessions of a Travel Psychologist or maybe even Tales of the Last Travel Psychologist, since no one has heretofore written about the psychological netherworld of travel quite as Michael has. When you listen to Michaels collection of his own travel stories you may wonder if all this could possibly happen to one world traveler. It certainly did! Is Michael for real? After hearing some of his hair-raising and hilarious tales you may further wonder if Michael should have ever been allowed to travel abroad at all, and if, instead, he should have been locked up in a padded cell with the key being thrown away! You decide!
